**DRAMA MAMAS and PAPAS WANTED
FOR HELP WITH *The Pink Panther Strikes Again*
Performed: November 2, 3, 4, and 9, 10, 11 2017 at 7 p.m.**

See what jobs are available and volunteer to be part of
our great parent team!

Z Center Stage is more than just students—we are so grateful for our parent support during our performances. Parents, our “drama mamas and papas,” run the lobby and ticketing, and make the shows as nice as they are. If you volunteer, will train you and provide everything needed to do your job – just bring your enthusiasm! **In return, you can see the show for free that performance.**

If you are interested in helping in any of these jobs, please contact Lynn Brant by returning the attached form with your student.

Jobs on the performances dates:

- **Need one or more parents** to be responsible for decorating the lobby with items provided. This can be done ahead of time and also will involve some last minute work. Also will need to be taken down at end of performance run.
- **Need one “GREETER” per night** to stand at front door and greet people. Separate the people into the right lines — “will call tickets” and “purchase tickets at the door”. This will help make the lines move faster and also keep down the number of folks crowding into the lobby.
- **Need one “TICKET TAKER” per night** to stand just inside the auditorium and take tickets for ALL people coming in the door. Simply tear the stub off and direct them to an usher, who will then seat them and provide a program. This position keeps track of how many audience members showed up. Requires making sure that people don’t crowd past you.
- **Need two or three “USHERS” per night** to stand in various places in the auditorium. Help patrons find their numbered seats in the right row, help elders if needed, answer questions if needed. This should streamline getting folks seated and ready for the show to start on time.
- **Need two “WATER BOTTLE SELLERS” per night** to set up and sell water for \$1.00 at the water table in the lobby. Involves keeping track of number of bottles sold and money box resolution at end of night.
- **Need one “WILL-CALL TICKETS” person per night** to sit at table in lobby and look up alphabetically filed envelopes containing tickets that were pre-ordered. Give the tickets to the patron and deal with any questions which arise. Direct them to the door to the ticket taker.
- **Need two “SELL TICKETS AT DOOR” people** to sit at table in lobby and sell tickets to folks who come to purchase tickets that night. This involves pre-learning the computer ticketing system!!! It also will involve money handling and resolution.

Production Evening Positions:

You will need to be **READY TO WORK NO LATER THAN 6 PM EVERY NIGHT you have volunteered.** This is crucial because we will now open the doors to the public at 6:15 and need to be organized and ready. No eating while working. Only water is allowed in auditorium and lobby. Our mission is to be friendly and helpful and efficient so the play starts on time. Once the play has started or everyone is seated, put away your work items and money and sit down to watch the play (in pre-assigned seats). The minute the lights go down for intermission, immediately go to the lobby to open the water table and do resolutions on money, etc. (We will talk further about this to the folks who volunteer). Whether you have volunteered on a regular basis before or are brand new at this drama craziness, join us! We have lots of fun and are able to make a difference. We are looking for more parents to learn the ropes and help replace the ones whose kids graduate. We are also always looking for parents who have skills to help us improve what we do. So, whether you like to be behind the scenes or out in front interacting with the public~~~~we have a job for you!

Thank you!
